

ASSOCIATION OF FEDERAL COMMUNICATIONS CONSULTING ENGINEERS

AFCCE NEW MEMBER APPLICATION FORM

Thank you for your interest in the Association of Federal Communications Consulting Engineers (AFCCE). The objectives of AFCCE are stated in our Constitution and include:

- To aid and promote the proper federal administration and regulation of those engineering and technical phases of communications which are regulated by the Federal Communications Commission,
- To uphold the honor and dignity of engineers before the Federal Communications Commission, and
- To provide for the mutual improvement and social intercourse of the members of the Association.

Application for any grade of membership (except Member Emeritus) shall be made using the attached application form. Applicants for Membership shall be recommended by two persons who are Members of the Association; applicants for Associate membership or Student membership shall be recommended by two persons, one person who is a Member of the Association and one member of any grade. You can view the current membership listing online to aid in identifying potential sponsors for your application at: <http://afcce.org/Members.htm>

Pursuant to Article IV of the AFCCE Constitution, upon review of the recommendations of the Admissions Committee regarding new applications, the Board of Directors shall make available to the AFCCE membership the list of applicants recommended for membership by the Board. This notice shall occur no less than 21 days prior to the meeting at which the Board votes to approve or disapprove the application(s). Approval by a majority of members of the Board participating and voting shall be required for election.

AFCCE Bylaws, Membership Rules

Requirements for the different grades of AFCCE membership are specified in the AFCCE Bylaws. The Articles of the AFCCE Bylaws relevant to AFCCE membership are attached on the following pages and include Article VI - Membership Requirements, Article VII - Dues, Article IX - Default for Non-Payment of Annual Dues, and Article X - Membership Privileges.

Please review the Bylaws to determine the grade of membership for which you are eligible. If you have any questions, please contact the AFCCE Secretary at Secretary@AFCCE.org.

Professional Engineering Licensure

The AFCCE Board is considering a program to support Associate members interested in attaining Professional Engineering (PE) licensure. To assist with gauging interest in such a program, a one question survey is included on the application form for Associate members. Please help the Board by answering this question as a part of your application if you are not already licensed as a PE. If you would like to provide a more detailed response or have any questions or suggestions, please send your comments by email to Secretary@AFCCE.org or include them when you return the renewal form. Thank you.

AFCCE Scholarship Fund Donations

The AFCCE Scholarship Fund provides financial assistance to students who are undertaking a full-time undergraduate (Bachelor's) or graduate (Master's or PhD) program at an accredited college or university with a major in engineering or science and related to the telecommunications field.

Please consider a donation to the AFCCE Scholarship Fund. All donations made at the time of membership application will be MATCHED 100% (up to \$100) by AFCCE! This is a great way to demonstrate your support for our scholarship program and for the training of future generations of broadcast engineers!

If the application is submitted after July 31, only HALF of the annual dues is required.
